

## FUND FACTS

Arrow EC Income Advantage Alternative Fund - Series U

June 26, 2020

This document contains key information you should know about Arrow EC Income Advantage Alternative Fund, Series U units. You can find more detailed information in the fund's simplified prospectus. Ask your representative for a copy, contact Arrow Capital Management Inc. ("Arrow") at 1-877-327-6048 or visit [www.arrow-capital.com](http://www.arrow-capital.com).

### Before you invest in any fund, consider how the fund would work with your other investments and your tolerance for risk.

Effective September 1, 2020, East Coast Asset Management SEZC will become sub-advisor for the fund.

This mutual fund is an alternative mutual fund. It has the ability to invest in asset classes or use investment strategies that are not permitted for conventional mutual funds. The specific strategies that differentiate this fund from conventional mutual funds include: increased use of derivatives for hedging and non-hedging purposes; increased ability to sell securities short; and the ability to borrow cash to use for investment purposes. While these strategies will be used in accordance with the fund's investment objectives and strategies, during certain market conditions they may accelerate the pace at which your investment decreases in value.

This Fund has obtained exemptive relief to permit it to utilize market-neutral investment strategies pursuant to which the Fund may engage in the short selling of securities with a market value of up to a maximum of 100% of the net asset value of the Fund (subject to a combined limit on short selling and cash borrowing of 100% of its net asset value). The Fund has also obtained an exemption that allows it to short sell up to 300% of the Fund's net asset value in "government securities". This short selling limit is greater than the limits permitted under applicable securities legislation for conventional mutual funds as well as alternative mutual funds.

### QUICK FACTS

**Fund code:** AHP3050

**Date series started:** June 26, 2020

**Total value of fund on April 30, 2020:** \$109.3 million

**Minimum investment:** \$1,000 initial, \$100 subsequent

**Purchases and Redemptions:** Weekly, on the last business day of each week (the "Transaction Processing Frequency").

### WHAT DOES THE FUND INVEST IN?

The investment objective of the Arrow EC Income Advantage Alternative Fund is to generate income and preserve capital by investing in a diversified portfolio of primarily North American investment grade corporate bonds.

The fund will use leverage. The leverage will be created through the use of cash borrowings, short sales and derivative contracts. The fund's aggregate exposure is calculated as the sum of the following, and must not exceed 300% of its net asset value: (i) the aggregate market value of the fund's outstanding indebtedness under any borrowing arrangements; (ii) the aggregate market value of all securities sold short; and (iii) the aggregate notional amount of the fund's specified derivatives positions, minus the aggregate notional amount of the specified derivative positions that are hedging transactions.

Shareholder approval (given by a majority of votes cast at a meeting of shareholders) is required prior to a change of investment objectives.

The charts below give you a snapshot of the fund's investments on April 30, 2020. The fund's investments will change over time.

## HOW RISKY IS IT?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

### Risk rating

The Manager has rated the volatility of this fund as **low to medium**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see "What are the Risks of Investing in the Fund?" in the fund's simplified prospectus.

### No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

## HOW HAS THE FUND PERFORMED?

This section tells you how Series U units of the fund have performed since its inception. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

### Year-by-year returns

The information is not available because the series is new and has not been distributed under a simplified prospectus for a full calendar year.

### Best and worst 3-month returns

The information is not available because the series is new and has not been distributed under a simplified prospectus for a full calendar year.

### Average return

The information is not available because the series is new and has not been distributed under a simplified prospectus for 12 consecutive months.

## WHO IS THIS FUND FOR?

The fund is suitable for investors who:

- Are looking for a regular monthly income
- Are looking to make their investment in U.S. dollars
- Are looking for a medium to long term investment
- Want to invest in a diversified portfolio of primarily investment grade fixed income securities
- Are comfortable with a low to medium risk level

This fund processes purchase, switch and redemption orders on a weekly basis as at the last valuation date of each week (the "**Transaction Processing Frequency**"). This fund is only suitable for investors who can accept the Transaction Processing Frequency.

## A WORD ABOUT TAX

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund outside a registered plan, fund distributions are included in your income for tax purposes, whether you get them in cash or have them reinvested. If you hold your fund inside a registered plan, you will include fund distributions and other amounts you withdraw from your registered plan in your income for tax purposes. Different rules apply for Tax-Free Savings Accounts.

## HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Series U units of the fund.

The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

## Sales charges

You have to choose a sales charge option when you buy the fund. Ask about the pros and cons of each option.

Sales charge option	What you pay		How it works
	In percent (%)	In dollars (\$)	
Initial sales charge	0% to 5% of the amount you buy	\$0 to \$50 on every \$1,000 you buy	You and your representative decide on the rate. The initial sales charge is deducted from the amount you buy. It goes to your representative's firm as a commission.

## Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

The fund's expenses are made up of the management fee, operating expenses and trading costs. The fund's annual management fee is 1.45% of the fund's value. Because this is a new series of the fund, its operating expenses and trading costs are not yet available.

## Performance fee

The fund will pay to Arrow in respect of each calendar year of the fund a performance fee per unit equal to 15% of the amount by which the Adjusted Net Asset Value (as defined in the prospectus) per unit at the end of the fiscal year exceeds the highest year end Adjusted Net Asset Value per unit previously achieved. The performance fee will be estimated and accrued each Valuation Date. If any units of the fund are redeemed prior to the end of a calendar year, a performance fee will be payable on the redemption date in respect of each such units.

## More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and advice that your representative and their firm provide to you.

Arrow pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment. The rate depends on the sales charge option you choose.

Sales Charge Option	Amount of trailing commission	
	In percent (%)	In dollars (\$) on each \$1,000 invested
Initial Sales Charge	0.5% of the value of your investment each year	\$5 each year

## Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

Fee	What you pay
Short-term trading fee	Up to 2% of the value of units you sell or switch within 90 days of buying them. This fee goes to the fund.
Switch fee	Your representative's firm may charge you up to 5% of the value of the units you switch to another fund managed by Arrow.

## WHAT IF I CHANGE MY MIND?

Under securities law in some provinces and territories, you have the right to:

- Withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or Fund Facts document, or
- Cancel your purchase order within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

## FOR MORE INFORMATION

Contact Arrow or your representative for a copy of the fund's simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the fund's legal documents.
